

## Credit/Debit One-Time Payments in the SECC Capital Area

The option to give a one-time credit/debit payment has been approved is a great option for those who usually give a cash or check one-time gift, but aren't physically in the office, or those who previously would have liked to give using their credit card but didn't have the opportunity.

The minimum credit/debit gift is \$2.

Your credit/debit donation will be processed to the Local Campaign Manager's designated Capital Area bank account. The Local Campaign Manager is EarthShare Texas, and the charge will appear on your card as "EarthShare". At the end of the campaign, the LCM will distribute the credit/debit funds collected to the designated charities, along with any cash and check one-time payments.

See the below screenshot for how the credit/debit payment option appears in Giving Nexus.
